III. I met the maiden that I loved Once more in after years,
And as she passed me in the street
I scarce could look for tears. For by her side a stranger walked, And she might be his bride—
But oh! she smiled not as of yore,
Our darling village pride.
Then most I thought of one still eve, Of one May-morn, how sped, And how we parted—well-a-day, What might I not have said?

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BIT-TERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious

In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no eathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the darkcolored viscid matter with which the bowels are leaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
